

First Semester Teaching Schedule

Academic year 2026/2027 | Year 1 | Management for Sustainability

How to use this document

The semester combines asynchronous online learning, scheduled synchronous online classes and an intensive in-person period. For each course, the tables below show the relevant online window, fixed live-session times and the January in-person schedule.

ASYNCHRONOUS ONLINE	SYNCHRONOUS ONLINE	IN PERSON
No fixed live meeting time. Materials and activities are uploaded to the dedicated course page. The lecturer will communicate the release schedule and any deadlines there.	A fixed date and time are shown in the timetable. The lecturer will provide the connection link through the dedicated course page or the official course channel.	Classes take place at Complesso San Giuseppe, Vercelli, during the intensive period shown below. Teaching is organised in 4-hour blocks; where scheduled, both blocks may be devoted to the same course, creating a full 8-hour course day. The room will be added as soon as it is confirmed.

Availability of online teaching: all online teaching content is made available to students on the learning platform. Synchronous classes are recorded and uploaded after the live session; asynchronous materials are uploaded according to the release schedule communicated by the lecturer.
